

Virginia Crime Trends

1998 - 2007

Department of Criminal Justice Services
Criminal Justice Research Center
June 2008

Summary of Virginia Crime Trends, 1998-2007

Violent Index Crime

- Violent crime has been trending downward in both Virginia and the U.S. during the last decade. From 1998 to 2007 violent crime rates declined in Virginia by 13% and in the U.S. by 18%.
- Virginia's violent crime rate has been below national rates every year during the last decade.
- Virginia violent index crime rates by crime type trended as follows: murder/nonnegligent manslaughter rate down by 14%, forcible rape rate decreased by 16%, robbery rate decreased by 6%, aggravated assault rate declined by 24%.

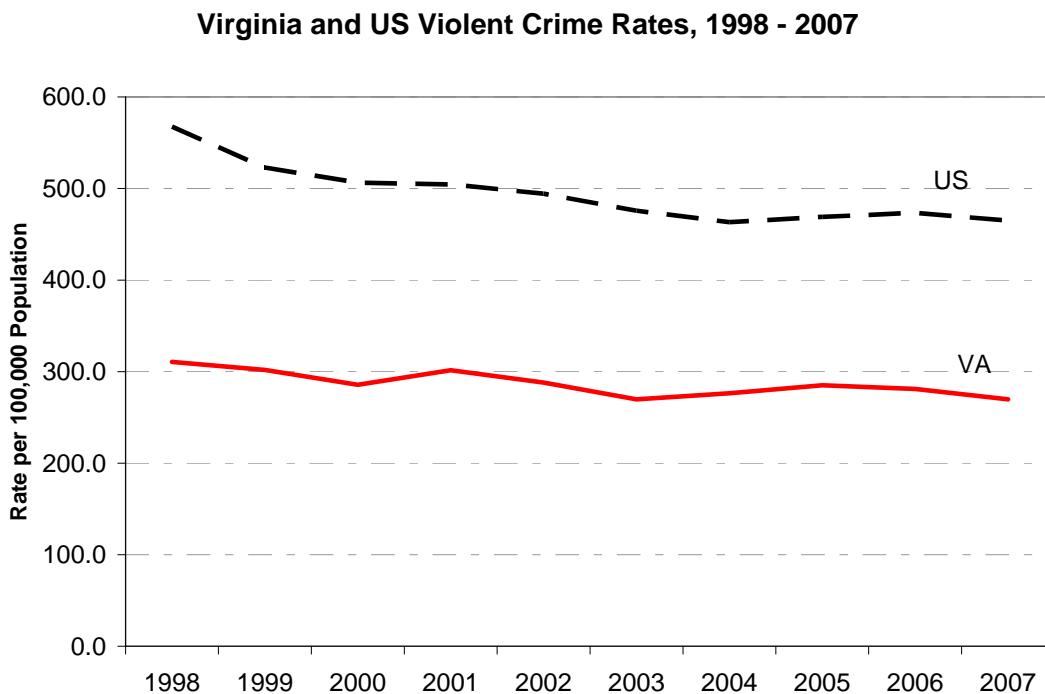

Property Index Crime

- Similar to violent index crime rate property crime rates have also trended downward in both Virginia and the U.S. over the previous decade. From 1998 to 2007 the property crime rate in Virginia declined by 23% and the U.S. rate by 20%.
- Virginia's property index crime rate has been consistently below national rates.
- Property crime rates in Virginia by crime type trended as follows: burglary rate down by 28%, larceny rate down by 25%, motor vehicle theft rate declined by 39%.

Drug Arrests

- Drug arrest rates have increased in Virginia and the U.S. over the previous decade. From 1998 to 2007 the drug arrest rate in Virginia increased by 1% and increased in the U.S. by 10%.
- Virginia's drug arrest rate was consistently below national rates from 1998 to 2007.

Virginia vs U.S. Violent Index Crime Rates, 1998-2007

Violent index crimes are murder/nonnegligent manslaughter, forcible rape, robbery, and aggravated assault. Violent crime rate is the number of violent crimes reported per 100,000 population.

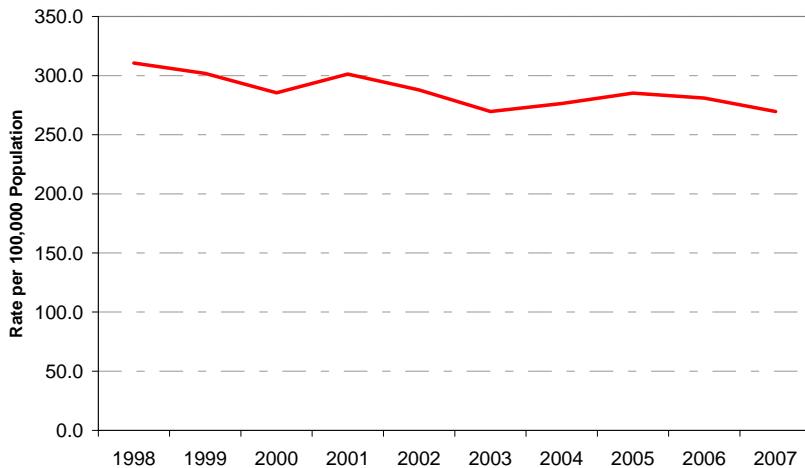

- Murder/nonnegligent manslaughter is defined as the willful (nonnegligent) killing of one human being by another.
- Forcible rape is the carnal knowledge of a person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent because of his/her temporary or permanent mental or physical incapacity. Forcible rape excludes statutory rape.
- Robbery is the taking, or attempting to take, anything of value under confrontational circumstances from the control, custody or care of another person by force or threat of force or violence and/or by putting the victim in fear of immediate harm.
- Aggravated assault is defined as an unlawful attack by one person upon another where the offender uses a weapon or displays it in a threatening manner, or the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness. This also includes assault with disease.

Violent crime has been trending downward in both Virginia and the U.S. during the last decade. During this time Virginia's violent crime rate has been consistently below national rates. From 1998 to 2007 violent crime rates in Virginia declined by 13%. During the same decade U.S. violent crime rates declined by 18%.

Note: U.S. 2007 rates presented here are preliminary projections based on crimes reported in the first 6 months of 2007. The FBI will publish final 2007 US crime rates in September 2008.

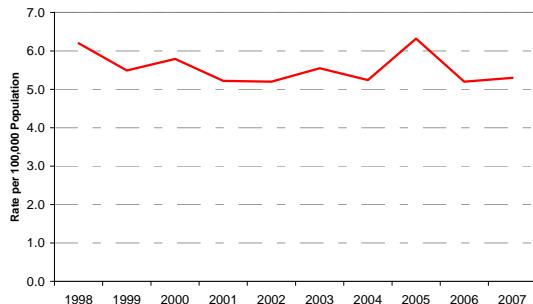

Statewide Violent Index Crime Rate, 1998-2007

Virginia Violent Crime Rate, 1998 - 2007

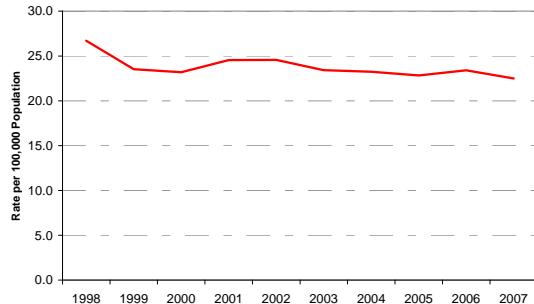

In 1998 the statewide violent crime rate was 310.6. Virginia's violent crime rate in 2007 was 269.7, a 13% decrease from 1998. From 2006 to 2007 the violent crime rate declined by 4%.

Virginia Murder Rate, 1998-2007

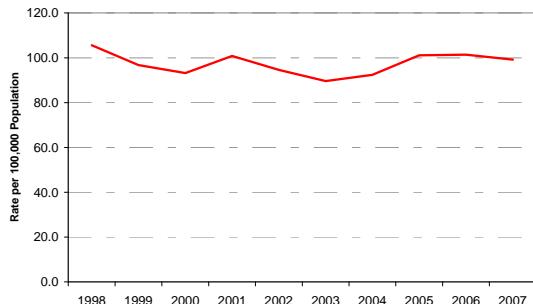

The murder rate declined by 14% over the last decade and increased by 2% from 2006 to 2007. The 2006 to 2007 increase was driven by the April 2007 murders at Virginia Tech.

Virginia Forcible Rape Rate, 1998-2007

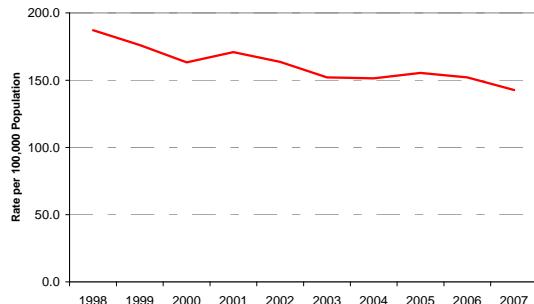

The forcible rape rate decreased by 16% from 1998 to 2007 and decreased by 4% from 2006 to 2007.

Virginia Robbery Rate, 1998-2007

The robbery rate decreased by 6% over the decade and decreased by 2% from 2006 to 2007.

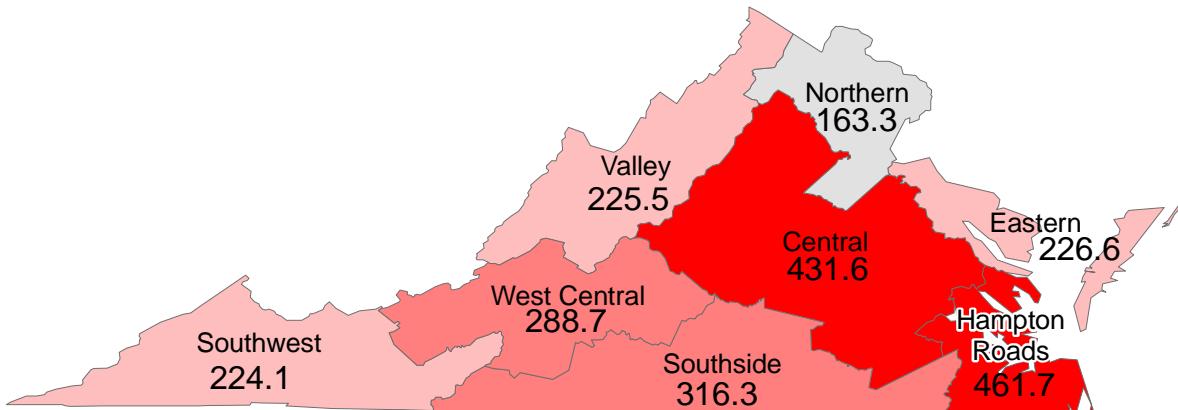

Virginia Aggravated Assault Rate, 1998-2007

The aggravated assault rate declined by 24% from 1998 to 2007 and decreased by 6% from 2006 to 2007.

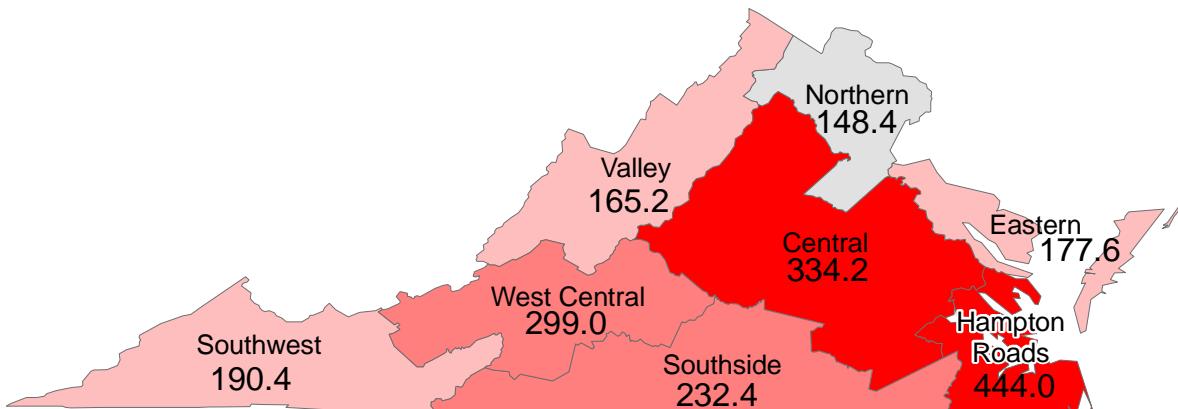

Violent Crime Rate by Region, 1998-2007

1998

In 1998 the statewide violent crime rate was 310.6.

2007

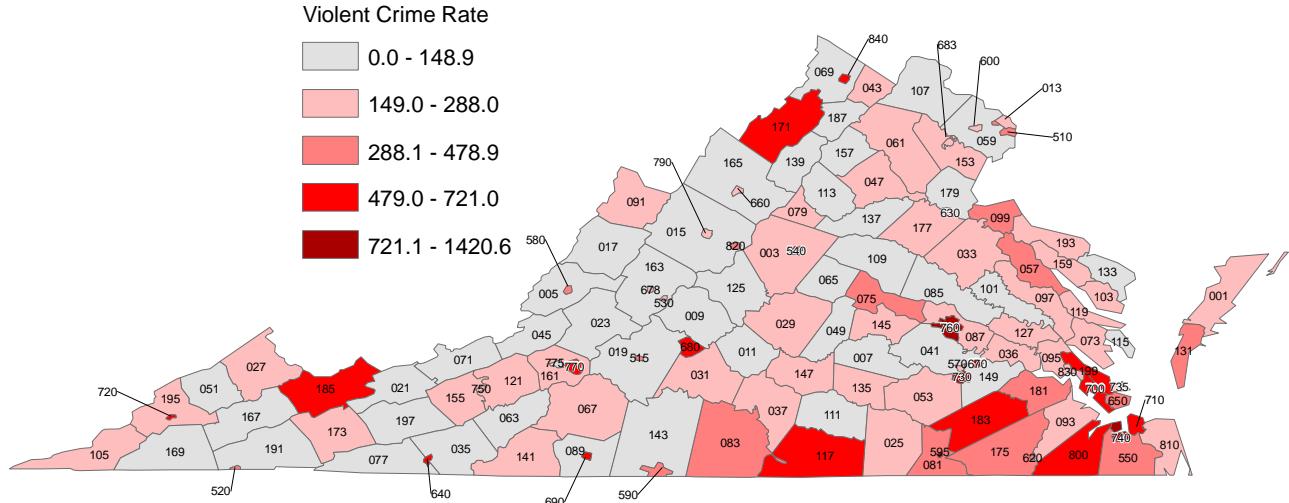

In 2007 the statewide violent crime rate was 269.7, a 13% decrease from 1998.

From 1998 to 2007 the violent crime rate declined in all regions of Virginia except the West Central region.

The Hampton Roads region had the highest violent crime rate in 1998 and 2007. The Northern region the lowest violent crime rate in 1998 and 2007.

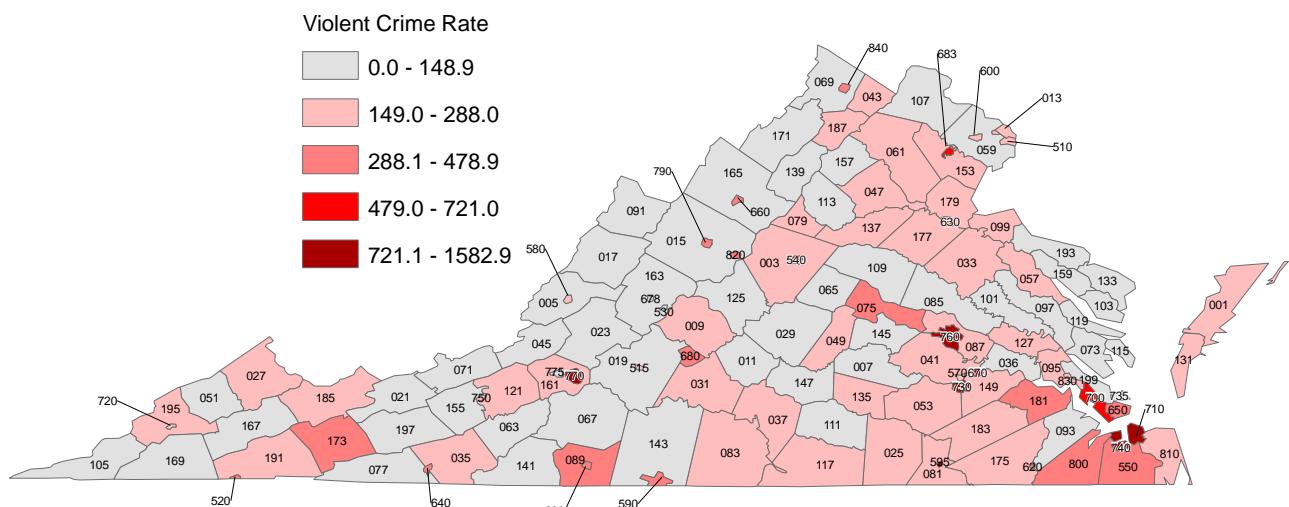

Violent Index Crime Rate by Locality, 1998-2007

1998

In 1998 the city of Richmond was the locality with the highest violent crime rate and Craig County had the lowest violent crime rate.

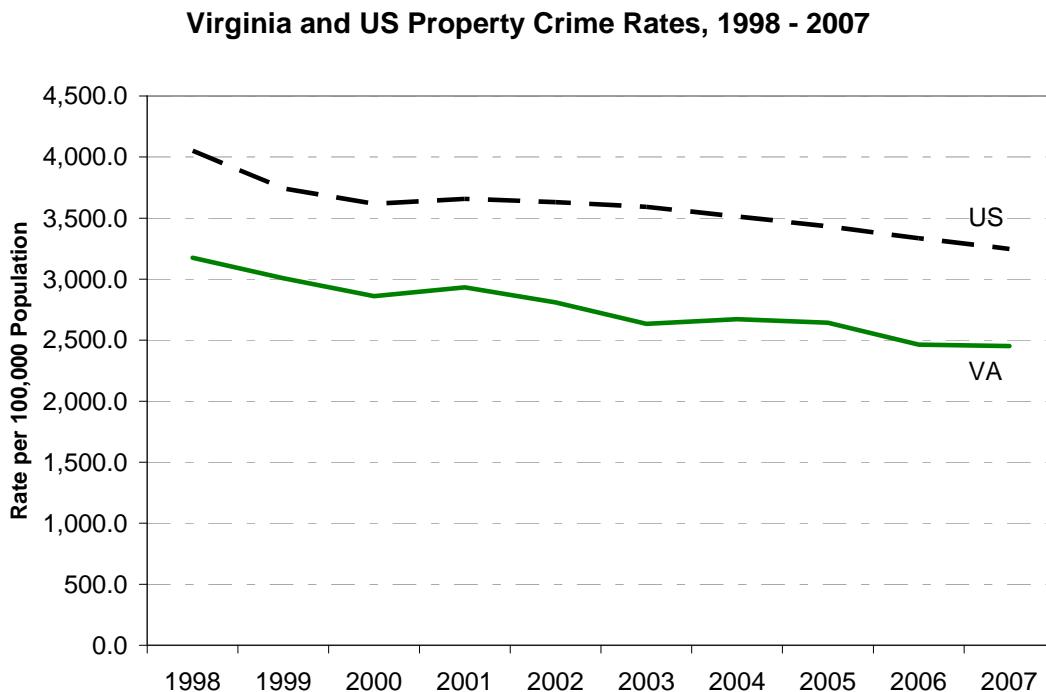

2007

In 2007 the city of Petersburg was the locality with the highest violent crime rate and Bath County had the lowest violent crime rate.

Appendix A shows violent crime rate for each locality in each year 1998 and 2007 and how each locality ranked against all others in each year. Localities are labelled by their Federal Information Processing Standards code (aka FIPS code) in the maps above and in Appendix A.

Virginia vs U.S. Property Index Crime Rates, 1998-2007

Property index crimes are burglary, larceny and motor vehicle theft. Property crime rate is defined as the number of property crimes reported per 100,000 population.

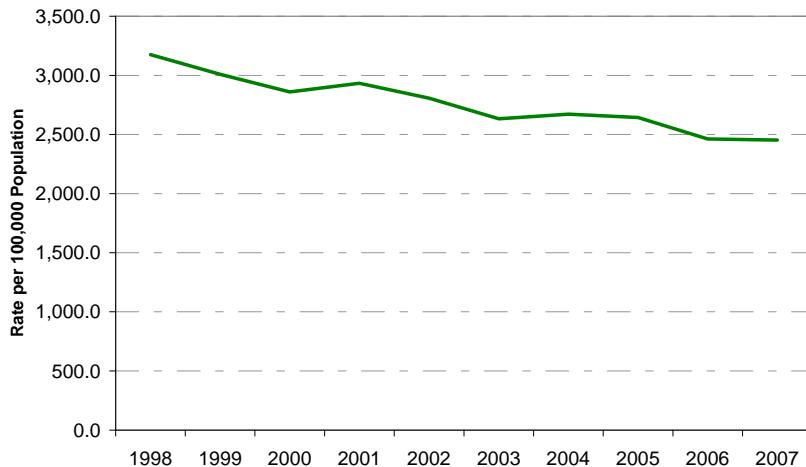

- Burglary is defined as the unlawful entry into a building or other structure with the intent to commit a felony or a theft.
- Larceny is the unlawful taking, carrying, leading or riding away of property from the possession, or constructive possession, or another person.
- Motor vehicle theft is defined as the theft of a self-propelled vehicle that runs on the surface of land and not on rails. Such vehicles include automobiles, buses, recreational vehicles, trucks and other motor vehicles, e.g., motorcycles, trail bikes, golf carts, snowmobiles and mopeds.

Crime has been trending downward in both Virginia and the U.S. during the last decade. During this time Virginia's property crime rates have been consistently below national rates. From 1998 to 2007 the property crime rate in Virginia declined 23%. The U.S. property crime rate declined 20%.

Note: U.S. 2007 rates presented here are preliminary projections based on crimes reported in the first 6 months of 2007. The FBI will publish final 2007 US crime rates in September 2008.

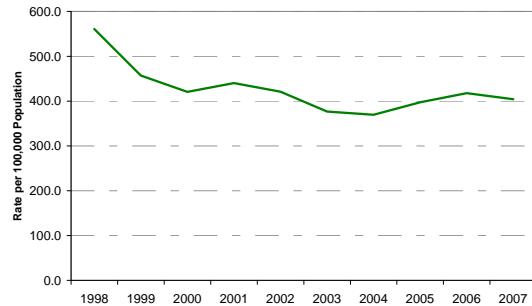

Statewide Property Index Crime Rate, 1998-2007

Virginia Property Crime Rate, 1998 - 2007

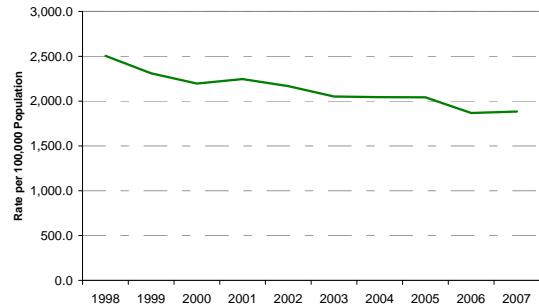

Virginia's 1998 property crime rate was 3,175.6. The property crime rate in 2007 was 2,452.4, a 23% decrease from 1998. From 2006 to 2007 the property crime rate declined by 1%.

Virginia Burglary Rate, 1998 - 2007

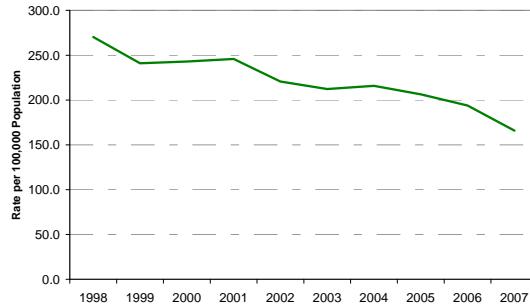

The burglary rate declined by 28% over the last decade and decreased by 3% from 2006 to 2007.

Virginia Larceny Rate, 1998 - 2007

The larceny rate decreased by 25% from 1998 to 2007 and increased by 1% from 2006 to 2007.

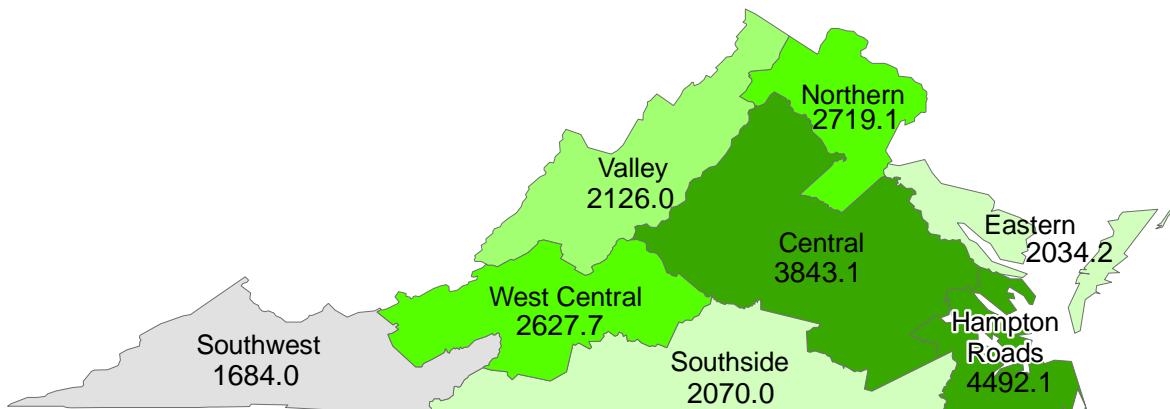

Virginia Motor Vehicle Theft Rate, 1998 - 2007

The motor vehicle theft rate declined by 39% over the last decade and decreased by 14% from 2006 to 2007. Motor vehicle theft had the largest decline of all property index crimes from 1998 to 2007 and from 2006 to 2007.

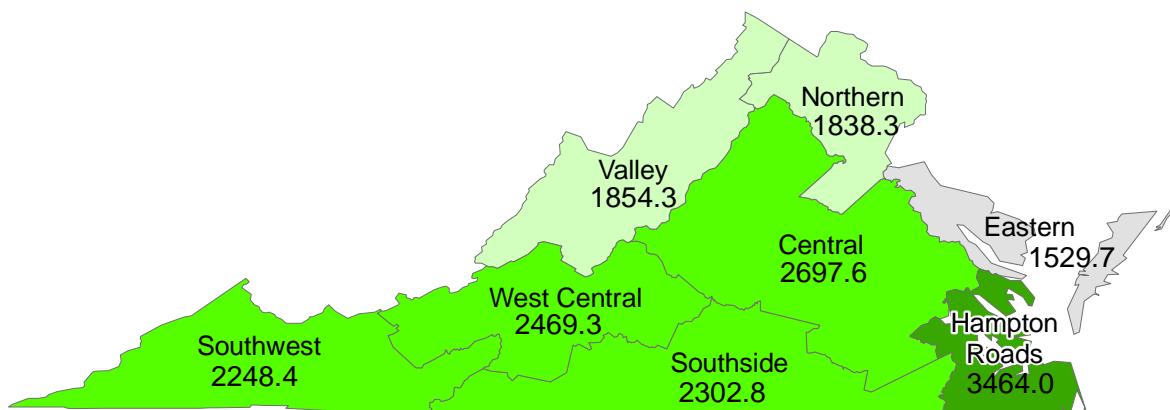

Property Index Crime Rate by Region, 1998-2007

1998

The 1998 statewide property crime rate was 3,175.6.

2007

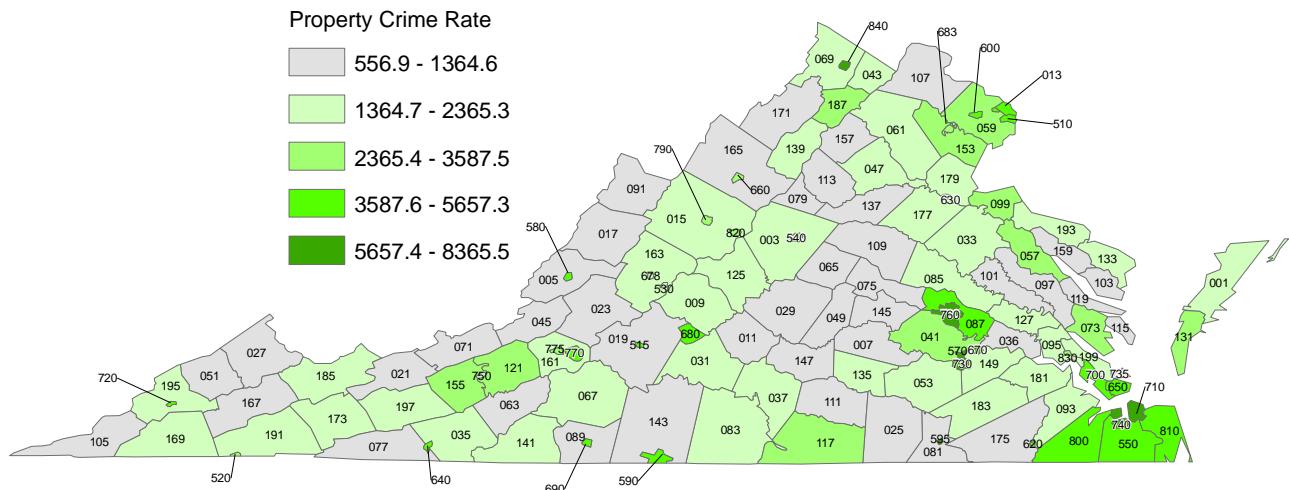

In 2007 Virginia's property crime rate was 2,452.4, a 23% decrease from 1998.

From 1998 to 2007 the property crime rate declined in all regions of Virginia except the Southwest and Southside regions.

In 1998 the Southwest and Hampton Roads regions had the lowest and highest property crime rates, respectively. In 2007 the Eastern region had the lowest property crime rate and Hampton Roads had the highest.

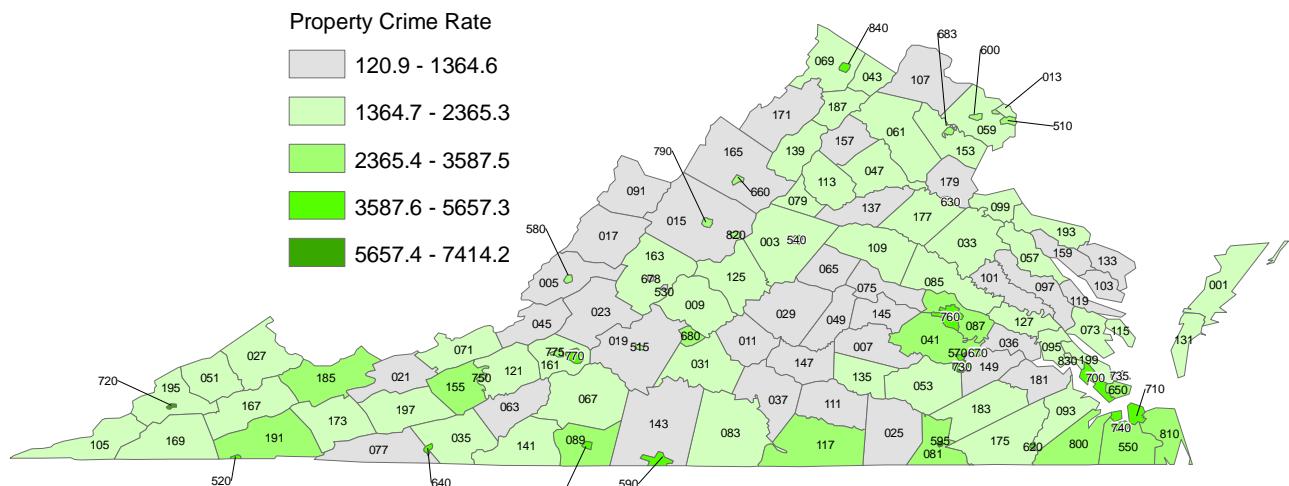

Property Index Crime Rate by Locality, 1998-2007

1998

In 1998 the city of Petersburg was the locality with the highest property crime rate and Dickenson County had the lowest property crime rate.

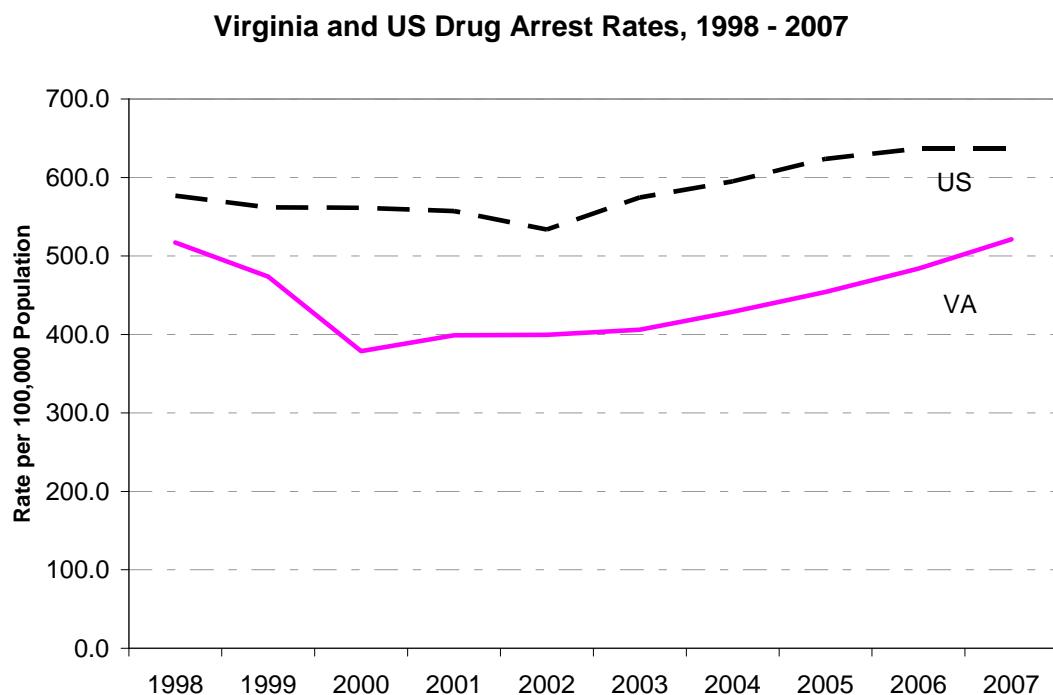

2007

In 2007 the city of Petersburg had the highest property crime rate and Bath County had the lowest property crime rate.

Appendix B contains property crime rates for each locality in each year 1998 and 2007 and how each locality ranked against all others in each year.

Virginia vs U.S. Drug Arrest Rates, 1998-2007

Drug arrest rate is the number of drug arrests reported per 100,000 population. It should be noted that drug arrest statistics can reflect law enforcement anti-drug activities and are not an accurate indicator of drug prevalence.

From 1998 to 2007 drug arrest rates trended upward in both Virginia and the U.S. Virginia's drug arrest rate over the decade was consistently below national rates. During the decade the drug arrest rate increased in Virginia by 1% and increased in the U.S. by 10%.

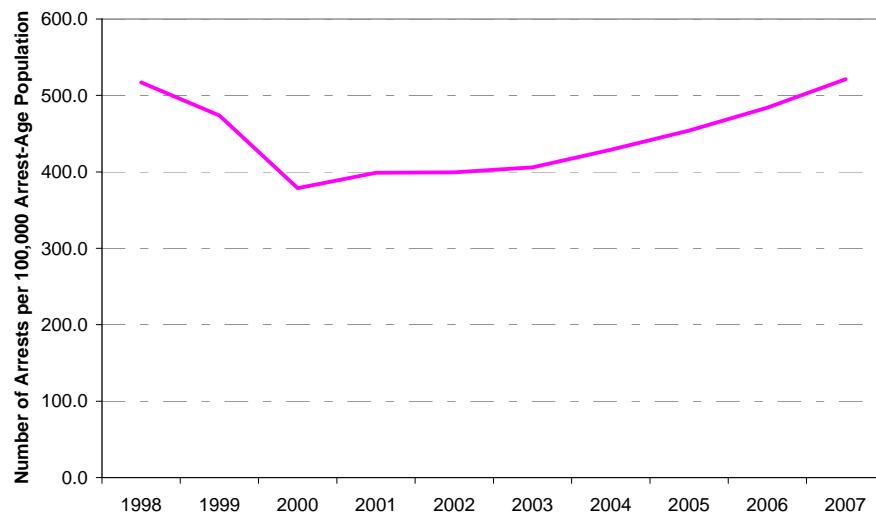

Notes:

U.S. 2007 drug arrest rates will be published by the FBI in September 2008. The 2006 U.S. rate was held constant for 2007 in the chart above.

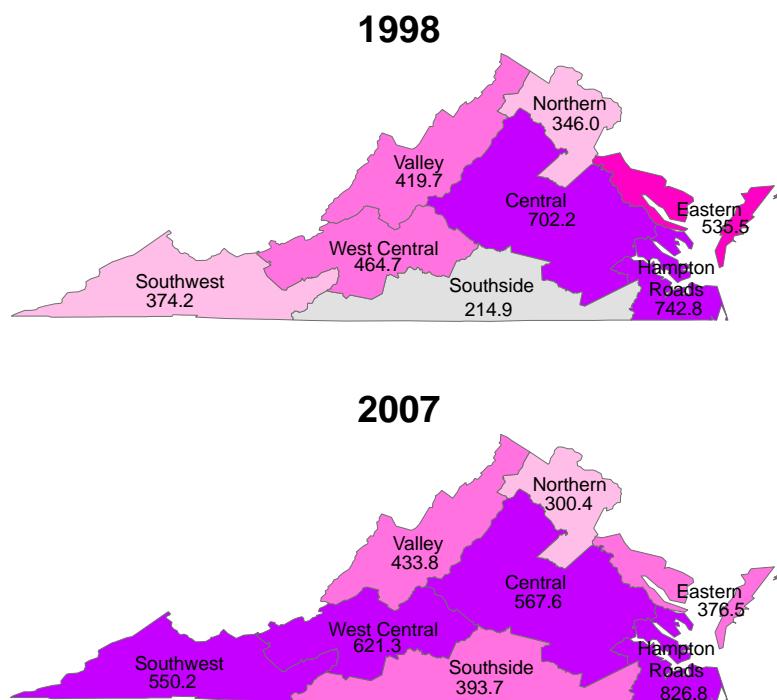

The large decline in Virginia drug arrest rates from 1999 to 2000 is related to a change in crime and arrest reporting standards in Virginia.

Statewide and Regional Drug Arrest Rate, 1998-2007

Virginia Drug Arrest Rate, 1998 - 2007

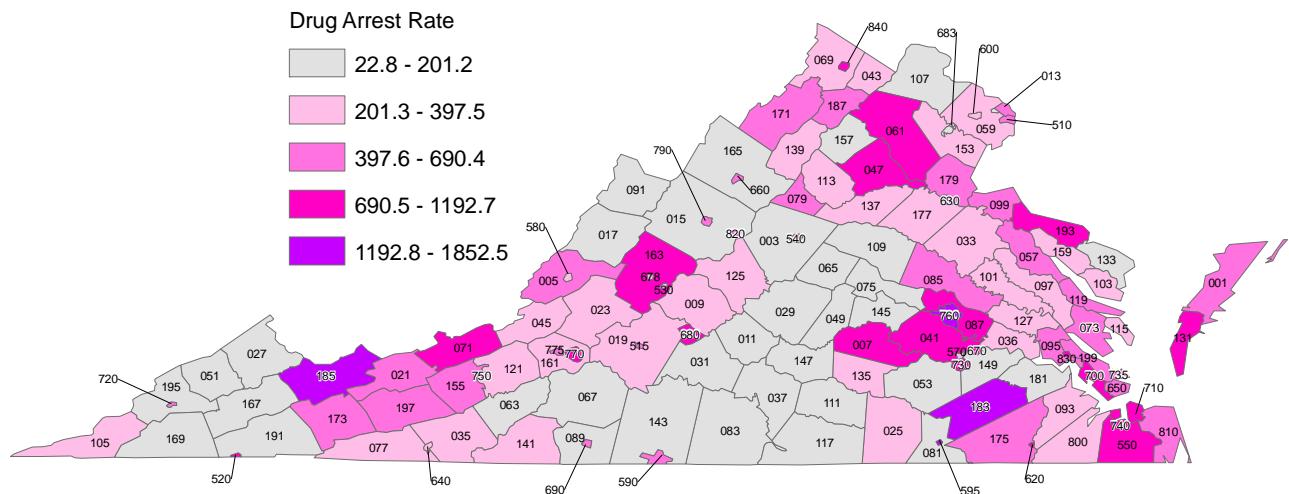

In 1998 the statewide drug arrest rate was 517.1. Virginia's drug arrest rate in 2007 was 521.3, a 1% increase from 1998. From 2006 to 2007 the drug arrest rate increased by 8%. Note: The large decline in Virginia drug arrest rate from 1999 to 2000 is related to a change in crime and arrest reporting standards in Virginia.

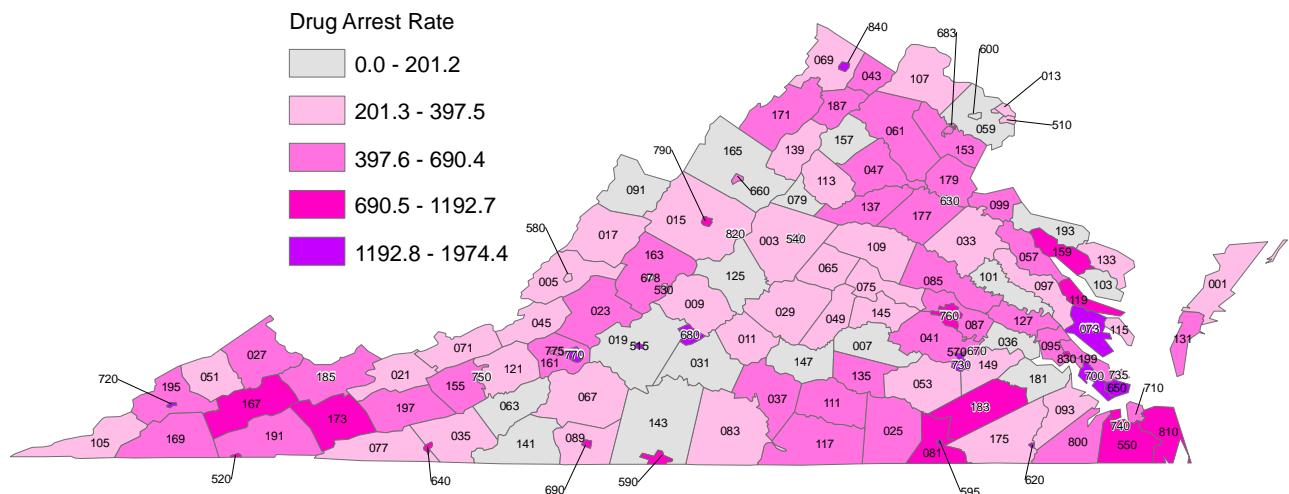

From 1998 to 2007 the drug arrest rate declined in the Northern, Central and Eastern regions and increased in all other regions. The Hampton Roads region had the highest drug arrest rate in 1998 and 2007. The Southside region the lowest drug arrest rate in 1998 and the Northern region in 2007.

Drug Arrest Rate by Locality, 1998-2007

1998

2007

See Appendix C for drug arrest rates and rankings by locality in each year 1998 and 2007.
